

Construction Activities November 16- November 20, 2020

- Begin removing non-native tamarisk trees in the center median of San Pablo Avenue
- Install storm drains along San Pablo Avenue
- Construct catch basins, manholes and inlets

What to Expect

- Sidewalk is inaccessible within the closure. Please follow the signage and do not enter the construction zone for your safety.
- Work may be noisy due to construction equipment moving on-and-off site, equipment backup alarms, and other construction related noise.
